

Pythagorean Theorem Lesson 3

<https://www.youtube.com/watch?v=OluCdrAXje4>

A fun little refresher video.

1. The sail on the right is 10 feet high and measures 7 feet along the bottom. How long is the hypotenuse? Show your work.

2. The sail on the left is 8 feet high and measures 7 feet along the bottom. How long is the hypotenuse? Show your work.
